

Service is our passion.

Premium maintenance

Premium maintenance for premium products.

With premium maintenance, you receive a maintenance option that has been specially tailored to the needs of your system.

Thanks to their many years of experience in working with environmental simulation systems, our service technicians can detect even the smallest deviations, that could have an impact on your tests. This minimises unplanned downtimes.

With our premium maintenance, you are opting for a service product that fulfils your high quality requirements.

Your requirements, our maintenance package

Including the services of our basic maintenance, premium maintenance also includes:

- Function-preserving cleaning
- Control parameter check / software updates
- Measurement and documentation of power flows
- Small maintenance materials (sealants, lubricants, etc.)
- Minor repairs up to a scope of 30 min

The biggest advantage for you is the 3-month warranty on all maintenance work carried out!

We are there for you 365 days a year, 24 hours a day.

Our service technicians are excellently trained specialists. Our service teams are professionally competent and available at all times to provide you with reliable support in a spirit of partnership.

Service from a single source! A partner for all cases.

Take advantage of the combination of premium maintenance and calibration!

You benefit from time-optimised processing with reduced downtimes and even receive adjustment and recalibration free of charge with a WKD calibration, the adjustment and recalibration are even free of charge.

We ensure trouble-free and safe operation of your system!
